

Apollo Safety Field Technician

[Apply Now](#)

Company: Apollo Safety, Inc.

Location: Boston

Category: other-general

Welcome to Apollo Safety Inc.! We are currently seeking passionate and dedicated individuals to join our team as Apollo Safety Field Technicians. As an Apollo Safety Field Technician, you will play a crucial role in ensuring the safety and well-being of our valued customers. This engaging position requires a strong technical background, excellent problem-solving skills, and exceptional customer service abilities.

As a Field Technician, you will work closely with our customers to ~~perform~~ service and calibration of gas detection systems. Your responsibilities will include understanding and troubleshooting fixed systems, conducting system maintenance, and providing technical support. You will also have the opportunity to assist in the installation and calibration of new systems under the guidance of our experienced technicians.

We are looking for individuals who are eager to develop their technical knowledge and skills. You should have a high school diploma or equivalent, with preferred additional education in electrical or electronic studies. Experience in the field is a plus but not required, as we provide comprehensive training to all our technicians.

As an Apollo Safety Field Technician, you will be an integral part of our team. You will have the chance to work in a dynamic and supportive environment, collaborating with experienced professionals and continuously learning and growing in your role. We offer competitive compensation, including additional compensation for on-call emergency responses to contract

customers.

If you are driven, customer-focused, and passionate about safety, we would love to hear from you. Join us at Apollo Safety Inc. and make a difference in the lives of our customers.

Requirements

To succeed as an Apollo Safety Field Technician, you should meet the following requirements:
