

## Architectural 3D Modeler & Renderer

[Apply Now](#)

Company: Stengel Hill Architecture

Location: Louisville

Category: other-general

Stengel Hill Architecture has an exciting opportunity for a 3D Modeler & Renderer based in our Louisville office. We're looking for creative, talented, innovated people to join our SHA Team.

### 3D Modeler & Renderer

The ideal candidate will be proficient in the use of 3D modeling software. The candidate must have a strong working knowledge of AutoCAD, Revit, Sketch-up, and Lumion (other modeling/rendering software may be considered). Working knowledge of Adobe products (Photoshop, After Effects) is considered a plus. Ability to produce animations and still image layouts. Must be confident communicating regularly with the members of the project team in order to assess needs and be able to adjust a given approach based on feedback.

### Responsibilities

Create 3D Models and renderings

Communicate effectively with Project Team

Prepare Architectural Documents

## Position Qualifications

2 -3 years experience working with architectural design in a 3D environment.

Performs assignments under direction with some responsibility for design.

Working knowledge of AutoCAD, Revit, Rendering software, Adobe software, Microsoft Office

Bachelor's degree preferred, but not required.

## Firm Background

We are one of the largest Architectural Firms in the Commonwealth as ranked by Business First Magazine and we maintain a consistent presence in the Top-50 listing nationally as documented in Modern Healthcare Magazine. As a testament to our approach to Design, our company has grown steadily, and we have gained a reputation in the industry that has allowed us to expand our services regionally and throughout the country. We are currently licensed to practice architecture in 38 states. Our Clients enjoy successful projects with predictable results and reduced impact on their time and resources. We seek long term relationships with Organizations that value their Architect as a partner. As such, our reputation and a significant portion of our workload is on the line with every Project we complete, and we are proud to note that more than 90% of our work originates from existing business relationships.
