Company: Careers@Gov

Location: United States

Category: other-general

[What the role is]

The Monetary Authority of Singapore (MAS) is Singapore's central bank and integrated financial regulator.

As central bank, MAS promotes sustained, non-inflationary economic growth through the conduct of monetary policy and close macroeconomic surveillance and analysis. It manages Singapore's exchange rate, official foreign reserves, and liquidity in the banking sector.

As an integrated financial supervisor, MAS fosters a sound financial services sector through its prudential oversight of all financial institutions in Singapore – banks, insurers, capital market intermediaries, financial advisors, and stock exchanges. It is also responsible for well-functioning financial markets, sound conduct, and investor education.

MAS also works with the financial industry to promote Singapore as a dynamic international financial centre. It facilitates the development of infrastructure, adoption of technology, and upgrading of skills in the financial industry.

Join us now, if you have a genuine interest in making an impact to help shape Singapore's economic and financial landscape.

**[What you will be working on]**

You will be part of the Note Management Services Team in the Currency Department responsible for issuing, receiving and processing of Singapore currency notes. You will also be involved in planning and co-ordinating activities relating related to the Automated Materials Handling System (AMHS) to provide currency note services.

Your main responsibilities include:

Managing the AMHS, including a critical IT system, to ensure optimal performance high system availability and security to deliver currency note services to banks

Planning and implementing AMHS upgrading projects to enhance system performance and comply with MAS IT security standards

Performing annual risk assessment of the critical IT system and working with external agencies (e.g. Cyber Security Agency of Singapore, GovTech, Auditor-General's Office) to comply with the applicable standards

Managing the inventory for Singapore notes including projection of currency notes to meet public demand

Managing contractors (e.g. AMHS vendor) to achieve optimal performance of key systems and ensure contractual requirements are met

Reviewing systems, processes and guidelines relating to the management of Singapore currency notes to ensure strong internal controls and high quality of notes in circulation

Administering the repatriation of Brunei and Singapore currency under the Singapore-Brunei Currency Interchangeability Agreement.

### **[What we are looking for]**

Relevant experience in the area of Technology or Engineering

Minimum 3 years experience, preferably in cash/material-handling operations, operations engineering or supply chain automation operations

Good interpersonal, communication, and project management skills

Applicant must be Singapore citizen

Ability to work in a fast-paced environment, manage multiple priorities and needs of stakeholders and agility to respond to changes and developments quickly.

As part of the shortlisting process for this role, you may be required to complete a medical declaration and/or undergo further assessment

All applicants will be notified on whether they are shortlisted or not within 4 weeks of the closing date of this job posting
