[Apply Now](#)

Company: The Permanente Medical Group, Inc.

Location: United States

Category: other-general

Leading the future of health care Kaiser Permanente / The Permanente Medical Group The Permanente Medical Group, Inc. (TPMG - Kaiser Permanente Northern California) is one of the largest medical groups in the nation with over 9,500 physicians, 22 medical centers, numerous clinics throughout Northern and Central California and a 75-year tradition of providing quality medical care. BREAST IMAGING RADIOLOGISTS Openings in Northern & Central California We are currently seeking full-time radiologists who are breast fellowship-trained to join our collegial groups in the following locations in Northern California: Modesto San Francisco South Sacramento Vacaville Walnut Creek These positions include a predominance of breast imaging with some general radiology. The ideal candidate will be a team player who is well versed in multimodality breast imaging, as well as stereotactic and US- and MRI-guided procedures. We work closely with clinicians in the Breast Lump Clinic and collaborate with a multimodality treatment team, via weekly tumor boards, including two dedicated breast surgeons, medical and radiation oncologists, plastic surgeons, geneticists, and social workers. The breast imagers are well-supported by an administrative breast care coordinator, as well as an RN breast care navigator. Our integrated system makes it seamless to provide the best and most appropriate breast care. REQUIREMENTS: Board Certification or Eligibility Must be eligible to obtain a California medical license or be currently licensed to practice within California This is an opportunity to join an experienced team in an established organization that offers a competitive salary, excellent benefits and a collaborative work environment. Full-time annual salary range is \$440,040 to \$460,020 plus additional potential incentives up to \$89,000\*. Reduced schedules with pro-rated

compensation may be available. \*Some incentive opportunities are estimates based on potential premium pay.
