

Bridge Welder

[Apply Now](#)

Company: Thruway Authority

Location: Orange County

Category: other-general

Minimum Qualifications Must have at least four years of satisfactory full-time experience working under a skilled journey-level welder which would provide training equivalent to that gained in an apprenticeship program. Must have New York State Department of Transportation Welder Certification valid for unlimited thickness and vertical, horizontal and overhead welding (all welding positions). Must obtain a valid Commercial Driver License Class B before completing probation.

Duties Description The Bridge Welder, under general supervision, performs high-level structural maintenance and repair and all types of welding on Thruway structures, including other high-level bridges; fabricates bridge members and accessories in the shop and in the field; supervises helpers and laborers engaged in major steel repairs to bridges; using shop drawings and plans, fabricates steel members, catwalks, ladders and light fixtures and installs such items on high-level bridges using scaffolds and boatswain chair which the employee has rigged; works as a blacksmith and welder in fabricating special purpose tools and making repairs to equipment; and may be assigned to supervise other journey-level workers in the absence of a supervisor.

Some positions may require additional credentials or a background check to verify your identity.
