Chief Electrical Estimator

If you're an experienced Electrical Estimator, this is for you!

Our organization has established a rich history of nurturing enduring relationships with our clients and project teams since our establishment in 1946. We are proud to play a pivotal role in our projects, collaborating with project owners, main contractors, and other design experts to create innovative, economically viable solutions that cater to our clients' needs. Our approach to electrical construction services is comprehensive, blending significant expertise with exceptional client service and value. We are committed to achieving outstanding project results through our steadfast dedication to our clients and our pledge to deliver the finest service possible.

Why You Should Consider Joining Us

1. We're a family-owned business and a fantastic team!
2. Recognized as a top electrical contractor in Orange County, we boast a robust pipeline of projects!
3. Our aim is for long-term staff retention, emphasizing a healthy balance between work and life!

Your Role Will Involve

Estimating project costs by analyzing cost factors, preparing bids, evaluating vendors/subcontractors for cost efficiency, and managing take-offs and quantity surveys in line with company standards.

Participating in pre-bid meetings and conducting site visits as necessary.

Coordinating bid-day activities meticulously to maximize our success chances in tender submissions.

Ensuring accurate and timely preparation and submission of scope letters, bid forms, and other bid documentation.

Issuing RFIs when needed before bids, directing them to the pertinent parties.

Engaging in Pre-Construction meetings with the estimating team to set departmental targets and objectives.

Reviewing peers' bids and utilizing completed project cost data to refine estimating practices and procedures.

What You Bring to the Table

Over 7 years of relevant experience in electrical estimating

Proficiency in MS Office (Excel, Word, Outlook) and familiarity with Bluebeam, , MS Project, or similar Construction Management software

Skilled in using Accubid or comparable Construction Estimating software

A track record of accurately estimating projects ranging from \$50k to over \$10 million

Preferable Qualifications

Bachelor's Degree in a relevant field

Trimble Spectrum experience

Electrical Journeyman certification

CPE (Certified Professional Electrical Estimator) certification
