

## Construction Superintendent

[Apply Now](#)

Company: Weston Solutions

Location: United States

Category: other-general

### Description

At Weston Solutions, Inc. you will do meaningful work and make valuable -ownership at Weston is a path to professional growth and access to diverse opportunities in a highly connected community that works together across key service areas to make a difference in the environment. Weston continues to evolve and adapt to our changing world as a leading provider of environmental and infrastructure services for over sixty years. In both the public and private sectors our teams help identify, solve, mitigate and manage critical environmental issues to help clients achieve a more sustainable future.

The Construction Superintendent is to perform site management tasks related to building renovations and repair, building and parking lot expansions, and security upgrade projects. They coordinate closely with local points of contact at the facility, the project manager, and subcontractors. They maintain health and safety requirements and quality control of the site at all times. They document all project activities to ensure all project stakeholders remain informed throughout the project field effort.

#### Essential Duties and Responsibilities:

Communicates with client daily with regard to project schedule/progress and safety concerns.

Participates in writing proposals, QC audits reports, assists in work plan and QC plan development.

Perform all aspects of construction projects, as necessary.

Implement cost effective and labor effective schedule for all personnel and subcontractors.

Perform all project assignments safely, in a technically appropriate and cost-effective manner, and within established schedules and budgets.

Manage internal teams, subcontractor crews, and schedule as required. Evaluate personnel actions and shutdown field activities when health and safety or quality is compromised in accordance with approved plans.

Conduct/facilitate daily meetings with field team and facilities personnel as needed.

Act as liaison with the project manager, owner, regulatory agencies, subcontractors, and/or internal departments on technical, safety, and quality related matters as required.

Assist with material and project plans submittals process. Ensure compliance with contract documents and specifications.

Knowledge, Skills & Abilities:

High School Diploma plus minimum 5+ years of construction/quality control experience.

Ability to manage and lead multiple subcontractors and employees.

Must be able to travel for extended periods (6 months) to support field activities if needed.

Complete daily/weekly field reports with photos using Microsoft Office.

The following certifications are preferred but not required: Construction Quality Management 30-hour training and HAZWOPER.

Strong verbal communication skills.

Able to meet time sensitive deadlines and carry out multiple priorities simultaneously.

We fully invest in our people: Weston provides a competitive and comprehensive benefits package program that offers employees high value options with solid financial protection, meeting the individual needs of its people and their families.

Medical, Dental, Vision, 401K with base and matching employer stock contributions

Paid time off to include personal, holiday, and parental leave

Life and disability plans

Critical illness and accident plans

Work/Life flexibility

Professional development opportunities

Salary Range: \$75,000 - \$100,100 - \$125,000
