

Credit Risk Analyst, Life Insurance

[Apply Now](#)

Company: Selby Jennings

Location: Indianapolis

Category: business-and-financial-operations

A financial institution is looking to grow their credit risk insurance portfolios (Life and Annuities) and find the best fit for their ERM team to work closely with the senior management.

The ideal candidate ...

Can perform credit analysis and monitor the financial condition of the insurance company and non-depository members (and prospective members) utilizing S&P Market Intelligence, statutory financial reports, Bloomberg, SEC filings, business plans, annual reports and confidential regulatory examination reports.

Experience reviewing and monitoring the financial condition of life and annuities insurance clients

Design reports and interpret the output for use by ERM management to assist in their lending, collateral and underwriting risk decisions pertaining to insurance company

Collaborate with other Bank departments and integrate relevant data into existing or newly created reports.

Obtain and optimize data from automated sources, such as S&P Market Intelligence, Bloomberg, various Bank systems, etc. for reporting and compliance purposes

Benefits:

Relocation Package

Hybrid/Flexible work environment

Bonus and more benefits

Strong culture and growth
