Company: Lockheed Martin

Location: United States

Category: other-general

Job Description

We are seeking an entry-level Torpedo Technician to support the maintenance, reconditioning, and refurbishment of US Navy Torpedoes in a team-based production-refurbishment industrial environment at the MK48 Torpedo Intermediate Maintenance Activity (IMA) in Pearl Harbor, Hawaii.

The successful applicant will be trained to perform work and obtain qualifications. This is an entry-level job and we are looking for someone with a strong desire to learn, a solid work ethic, and demonstrated experience of teamwork. Applicant must pass background check/drug screen and have the ability to obtain a DoD security clearance

The Torpedo Technician will perform simple routine tasks under close supervision or from detailed procedures. Work will be checked in progress or on completion. The technician will perform one or a combination of such typical duties as:

- Assembling or installing equipment or parts requiring simple wiring, soldering, or connecting.
- Performing simple or routine tasks or tests such as tensile or hardness tests; operating and adjusting simple test equipment; records test data.
- Gathering and maintaining specified records of engineering data such as tests, drawings, etc.;

performing computations by substituting numbers in specified formulas; plotting data and draws simple curves and graphs.

****This is a union represented position****

Desired skills

-Military background

-Hazardous materials training

-Operational Control/Monitoring experience
