## Glass Installation Foreman

### Full-time

*A reputable leader in providing comprehensive glazing solutions for high-rise commercial projects is looking to add a Glazier Foreman to their team. As a Glass Installation Foreman with the team, you'll play a crucial role in overseeing and coordinating the installation of glass components, contributing to the transformation of architectural landscapes through storefronts, curtain walls, and other cutting-edge glazing systems.*

### Responsibilities :

Supervise and lead a team of glass installers and glaziers to ensure efficient and precise installation of glass panels, windows, storefronts, and curtain walls.

Review project plans, blueprints, and specifications to develop installation strategies and coordinate workflows accordingly.

Allocate tasks and responsibilities to the installation team, setting clear expectations and providing guidance throughout the project.

Ensure that all installations are carried out in accordance with project specifications, industry standards, and safety regulations.

Conduct on-site inspections to verify the accuracy of measurements, fittings, and alignments of glass components.

Operate and maintain a variety of tools and equipment used in glass installation, ensuring their proper functioning and safety compliance.

Address any technical issues or challenges that arise during installation and collaborate with the team to find effective solutions.

Manage the inventory of glass materials and supplies, coordinating with procurement to ensure adequate stock levels.

Communicate regularly with project managers, contractors, and other stakeholders to provide updates on project progress and address any concerns.

Uphold a culture of safety by enforcing safety protocols, conducting regular safety meetings, and promoting a safe working environment.

Provide training and mentorship to junior team members, fostering their professional growth and development.

Complete installation projects within specified timelines while maintaining high standards of workmanship.

### **Requirements:**

Proven experience as a Glass Installer, Glazier, or in a similar role, with a track record of successful glass installations in commercial construction or high-rise settings.

Demonstrated leadership skills with the ability to effectively manage and motivate a team of installers.

In-depth knowledge of various types of glass, glazing systems, and installation techniques.

Proficiency in reading and interpreting blueprints, technical drawings, and specifications.

Strong problem-solving skills and the ability to make informed decisions under pressure.

Excellent communication skills, both verbal and written, to effectively coordinate with the team and stakeholders.

Understanding of safety protocols and regulations related to glass handling and installation.

Physical stamina and the ability to work at heights and in various weather conditions.

Relevant certifications or training in glass installation, glazing systems, and leadership (preferred but not mandatory).

**Benefits:**

Competitive salary based on experience and skills.

Health, dental, and vision insurance.

Opportunities for further training and career advancement.

Collaborative and dynamic work environment.

**We appreciate your interest in joining the team and will be in touch with qualified candidates for further assessment. For more information regarding opportunities throughout the glazing industry, reach out directly with your resume to 'kaydee.cox@gogpac.com'.**

All qualified applicants will receive consideration without regard to race, age, color, sex (including pregnancy), religion, national origin, disability, sexual orientation, gender identity, marital status, military status, genetic information, or any other status protected by applicable laws or regulations.

GPAC (Growing People and Companies) is an award-winning search firm specializing in placing quality professionals within multiple industries across the United States since 1990. We are extremely competitive, client-focused and realize that our value is in our ability to deliver the right solutions at the right time.
