Jr .NET Developer

Hybrid (Onsite 3 days a week)

Philadelphia, PA

Contract to Hire

Job Description:

As a Junior .NET Developer at , you will be an integral part of our technology team, working on the development and support of critical software applications. Your role will involve collaborating with experienced developers and taking on responsibilities related to .NET Core 6, web services, REST APIs, and other cutting-edge technologies.

Key Responsibilities:

Leverage your professional experience in .NET Development (Core 6) to design, develop, and maintain software applications.

Work with Web Services and REST APIs to facilitate seamless communication between various components of our applications.

Collaborate on both new development projects and production support, ensuring the stability and reliability of our software systems.

If you have experience with Angular (preferred version 11, upgrading to 15), you will have the opportunity to contribute to our front-end development efforts.

Utilize .NET MVC and TypeScript to create efficient and user-friendly web applications.

Apply your expertise in an enterprise-size environment, addressing complex challenges and contributing to scalable solutions.

Preferred qualifications include exposure to SQL Server (with a desire to develop expertise), experience with unit testing, and a background in the healthcare industry.

Take ownership of your work, ensuring accountability for the quality and performance of the software you develop.

Qualifications:

Professional experience with .NET Development, with a focus on .NET Core 6.

Strong understanding of Web Services and REST APIs.

Previous experience in both new development and production support.

Familiarity with Angular (preferred version 11, upgrading to 15) is a plus.

Proficiency in .NET, MVC, C# and TypeScript.

Working knowledge of UI development

Unit testing

Experience working in an enterprise-size environment.

Exposure to SQL Server is preferred, with a willingness to further develop expertise.

Knowledge of unit testing methodologies.

Previous experience in the healthcare industry is a bonus.

Demonstrated ability to take ownership of tasks and projects

Eight Eleven Group provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, national origin, age, sex, citizenship, disability, genetic information, sexual orientation, gender identity, marital status, amnesty or status as a covered veteran in accordance with applicable federal, state, and local laws.
