Lead Unity Engineer

[Apply Now](#)

Company: Yee-Haw Monster Trucks

Location: Los Angeles

Category: other-general

No multiple interview rounds or complex arduous process. We move fast.

We're looking to hire a full-time Unity developer or programmer with senior experience in client-side development for gameplay and coordination with backend teams who also has a strong passion for quality games.

Responsibilities

Owning the client and coordinating with the backend team to integrate server implementations for mature gameplay mechanics

Collaborating with the game design team to create prototypes for new mechanics

Working with both the design and backend teams to creatively work around the unique constraints of platform

Good communication

Perks / Benefits

Unlimited PTO + holidays

Flexible work schedule

Health benefits (US)

401k (US)

Whatever equipment you need for your WFH office

Company trips to events and retreats

We're an equal-opportunity employer. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identity, national origin, veteran, or disability status.
