Company: West Fraser

Location: Riegelwood

Category: other-general

Our Millwright position is a key player in a company-wide continuous improvement effort through daily use of troubleshooting, and predictive and preventative maintenance strategies. As a member of this high performing team, you will be responsible for working safely with all machinery within the mill.

What you will do:

Repair and maintain industrial equipment to include conveying systems, major machine centers such as debarkers, canters, gang saws, and edgers

Able to read and understand drawings and printed instructions

Must be a self-starter who can work safely under high pressure situations

Possess basic understanding in line ups of pumps, sheaves, sprockets, machine centers

Must be able to move machinery and equipment, using hoists, dollies, rollers, and trucks

Adjust tension on nuts and bolts, or position parts, using hand tools and measuring instruments, to set specified clearances between moving and stationary parts

Align machines and equipment, using hoists, jacks, hand tools, squares, rules, micrometers, and plumb tools

Assemble and install equipment, using hand tools and power tools

Lay out mounting holes, using measuring instruments, and drill holes with power drill

Replace defective parts of machine or adjust clearances and alignment of moving parts

Level bedplate and establish centerline, using straightedge, levels, and transit

Dismantle machines, using hammers, wrenches, crowbars, and other hand tools

Attach moving parts and subassemblies to basic assembly unit, using hand tools and power tool

What you need to be successful:

Must have cutting torch experience (Oxygen/Acetylene)

Must have welding experience (GMAW and SMAW)

Must be safety oriented and comply with all ZES rules

Be willing to work rotating shifts, overtime and to be on-call to support 24/7 operations

Must have 3 years of Millwright work experience in Industrial/Manufacturing environment

Must have High School Diploma or GED

Must successfully complete a pre-employment drug screen, physical and background check

Must be willing to travel and complete the West Fraser Qualified Millwright training program.

Successful candidates must be able to pass a Millwright Assessment Test.

West Fraser is a diversified wood products company producing lumber, OSB, LVL, MDF, plywood, pulp, newsprint, wood chips, and energy with over 60 facilities in Canada, the United States, and Europe. We are the largest lumber producer in North America, a leading global manufacturer of wood-based panels, and the world's largest producer of oriented strand board (OSB).

We are a growing company, believe strongly in promoting from within, and pride ourselves on providing a challenging environment with continuous development. The successful candidate should be interested in future growth opportunities within the company.

West Fraser believes inclusive, diverse teams build a more vibrant workforce, safer operations, and a stronger company overall. We strive to create workplaces and leadership teams that are reflective of the diverse communities we are a part of. We will not discriminate against any applicant for employment on the basis of race, gender, national origin, or any other protected legal characteristic.
