## Medical Laboratory Sciences Intern

[Apply Now](#)

Company: Siemens Healthcare Diagnostics Inc.

Location: United States

Category: healthcare-practitioners-and-technical

**Do you want to join us in helping to fight the world's most threatening diseases and enabling access to care for more people around the world? At Siemens Healthineers, we pioneer breakthroughs in healthcare. For everyone. Everywhere.**

**At Siemens Healthineers, we offer you a flexible and dynamic environment with opportunities to go beyond your comfort zone to grow personally and professionally. Sound interesting? Then come and join our global team as Medical Laboratory Sciences Intern within the Clinical Center of Excellence where you will use your MLS skills to test customer workflow in our analytical laboratory. Our global team: We are a team of more than 68,000 highly dedicated employees across more than 70 countries passionately pushing the boundaries of what's possible in healthcare to help improve people's lives around the world. As a leader in the industry, we aspire to create better outcomes and experiences for patients no matter where they live or what health issues they are facing. Our portfolio, spanning from in-vitro and in-vivo diagnostics to image-guided therapy and innovative cancer care, is crucial for clinical decision-making and treatment pathways.**

**This is a role well suited for a highly motivated student looking to build their skill set and gain hands-on experience. As a Medical Laboratory Sciences Intern, you will be responsible for:**

You will use established lab protocol to perform laboratory tests and correctly log the results of those tests.

You will identify, diagnose, and repair issues that may arise with the laboratory equipment and systems.

You will verify all test results and ensure that they are correctly matched with the specimen.

You will label and organize all tests appropriately to make sure that they are easily retrievable.

You will perform the execution of all testing protocols.

You will create an Engineering Problem Report (EPR) when issues are identified.

You will provide timely feedback to the System Engineering team members on system functionality.

You will ensure the maintenance of a suitable infrastructure for Systems Testing activities including, but not limited to, maintaining instruments, laboratory spaces, supplies, and equipment.

You will follow all safety measures, as issued, and outlined by Site EHS, including following biohazard rules for a BSL-1 and BSL-2 laboratories (depending on location/activities) under supervision of Lead Staff

You will work in a laboratory setting for extended periods of time, including long periods of sitting, standing, and lifting up to 10 pounds.

**This position may suit you best if you are familiar with what is below, and would like to develop your skills with Healthineers:**

You are pursuing studies as MLS (Medical Laboratory Scientist)

You have good PC skills (MS Office software like Word, PowerPoint, Excel and Outlook)

You will be working with our latest technology and therefore you are willing to learn about new software and hardware solutions

Willingness to work within a diverse team

**Required skills and education to have for the success of this role:**

Currently enrolled in a Bachelor's degree program, majoring in Medical Laboratory Scientist (minimum rising senior preferred)

Minimum 3.0 GPA (preferred)

**Start Date:** Summer 2024

At Siemens Healthineers, we value those who dedicate their energy and passion to a greater cause. Our people make us unique as an employer in the med-tech industry. What unites and motivates our global team is the inspiration of our common purpose: To innovate for healthcare, building on our remarkable legacy of pioneering ideas that translate into even better healthcare products and services. We recognize that taking ownership of our work allows both us and the company to grow. We offer you a flexible and dynamic environment and the space to move beyond your comfort zone to grow both personally and professionally.

### **Beware of Job Scams**

“Successful candidate must be able to work with controlled technology in accordance with US export control law.” “It is Siemens Healthineers’ policy to comply fully and completely with all United States export control laws and regulations, including those implemented by the Department of Commerce through the Export Administration Regulations (EAR), by the Department of State through the International Traffic in Arms Regulations (ITAR), and by the Treasury Department through the Office of Foreign Assets Control (OFAC) sanctions regulations.”

As an equal-opportunity employer we are happy to consider applications from individuals with disabilities.

Legal authorization to work in the U.S. is required. We will not sponsor individuals for employment visas, now or in the future, for this job.

### **Equal Employment Opportunity Statement**

Siemens is an Equal Opportunity and Affirmative Action Employer encouraging diversity in the workplace. All qualified applicants will receive consideration for employment without regard to their race, color, creed, religion, national origin, citizenship status, ancestry, sex, age,

physical or mental disability unrelated to ability, marital status, family responsibilities, pregnancy, genetic information, sexual orientation, gender expression, gender identity, transgender, sex stereotyping, order of protection status, protected veteran or military status, or an unfavorable discharge from military service, and other categories protected by federal, state or local law.
