Between Houston, Austin, and College Station, care is provided in more than 100 locations, with the new Austin campus set to open in early 2024. The Texas Medical Center campus includes the Pavilion for Women, Texas Children's Pediatrics, Urgent Care, Specialty Care, Texas Children's Health Plan, and The Centers for Children and Women. Two additional community hospitals are present in the Houston area, in the Woodlands and Katy. The Austin hospital location will expand the reach of Texas Children's to caring for both children and women in central Texas.Approximately 300,000 imaging studies and procedures are performed at Texas Children's annually. It is a very dynamic and rapidly growing environment with high-end technology to meet the needs of the wide range of patients, including some of the most complex in the nation who are referred for super specialized care. Texas Children's Hospital and the Department of Radiology are committed to the tripartite mission of leading academic institutions: clinical care, teaching and research. The hospital leadership has an unwavering mission to offer the best of care to children, women and their families. Integrative, comprehensive and coordinated care is emphasized to create a healthier future for children and women.\*To apply:\*Join us in Austin, where your career can shine as bright as the Texas sun!Ready to take the next
