Company: Rise Technical

Location: United States

Category: other-general

Principal Structural Engineer \$110,000 - \$160,000 + Quarterly Bonus + Subsidised Health + 401k + Other Benefits Florida (open to different locations) Fantastic opportunity for a Principal Structural Engineer looking to join a globally renowned business offering an autonomous position with great earning potential where you will lead the technical direction and architecture of projects. On offer is the chance to take the next step in your career and work with the world-leader in their industry, in a role where you can shape the future success of the business and your own career. This company boasts a rich heritage spanning generations, commanding a robust presence across strategic locations in Canada, the US, and the UK. Renowned for their expertise across diverse industries, they excel in fields such as solutions for infrastructure and construction environments. They play a huge role globally, and due to their further expansion and growth, they are looking for a Principal Structural Engineer to lead the business through an exciting phase. In this position, you'll lead projects encompassing low-to-high rise condominium structures, parking garages, multi-family dwellings, mixed-use developments, and commercial offices. Your role will entail substantial involvement in all project phases, including initial planning, design, management, and ultimate delivery. This offers a remarkable opportunity for those eager to advance their careers. You'll be part of a rapidly growing organization, with abundant prospects for career progression. Leading dynamic global projects, you'll find ample room to develop professionally while enjoying the stability and rewards of a lucrative salary package. The role: Lead the technical direction and architecture of projects. Design, develop, and maintain scalable, reliable, and high-performance software solutions. Collaborate with cross-functional teams to translate business

requirements into technical solutions. The person: Minimum bachelor's degree in civil, structural engineering or architecture. Professional Engineering license, P.E. required. Valid driver's license Skills - Candidates must possess previous experience in Principle Structural Engineering, demonstrated proficiency in leading teams and managing project. To apply for this role or to be considered for further roles, please click Apply Now or contact Abdul Javed at Rise Technical Recruitment. Rise Technical Recruitment Ltd acts as an employment agency for permanent roles and an employment business for temporary roles. The salary advertised is the bracket available for this position. The actual salary paid will be dependent on your level of experience, qualifications and skill set. We are an equal opportunities employer and welcome applications from all suitable candidates.
