Company: iRiS Recruiting Solutions

Location: Scottsburg

Category: other-general

Quality Engineer

Compensation: \$80,000 Depending on Experience

Location: Scottsburg Indiana

ABOUT OUR CLIENT:

Our retained client is where groundbreaking ideas in fabricating critical components become reality for the engineering team. Their contract unrelated to automotive will provide long term stability, growth and a huge pension program. As THE leading player in the industry, they are seeking a talented quality engineer to join their client's dynamic team and contribute to the continued success of this facility.

WHAT YOU'LL DO:

Perform a variety of standard manufacturing quality engineering functions and related functions to support manufacturing, achieve cost reductions and work simplifications in the Quality area. Conduct studies to DX and RX potential process failure points. Collaborate with cross-functional teams using root cause analysis to achieve goals

ABOUT YOU:

Are you passionate about quality engineering in pushing the boundaries of reducing costs

and increasing efficiencies in manufacturing and assembly? Do you have a keen eye for precision and innovation? Do you have extensive tenure in your previous work experiences? If so, this is the perfect opportunity to take your career to new heights!

WHAT CRITERIA YOU'LL NEED TO LAND THIS JOB:

Bachelor's degree in Engineering (BSME or BSMET) or pertinent experience

Quality engineering experience. ASQ is recommended

Tenured (more than 3 years per company) experience.

Able to work hours a week according to need.

Excellent communication skills and ability to work collaboratively.

Apply today or submit your information to thorlow@irisrecruiting.com
