Duke University Health System has + registered nurses

Quality of Life: Living in the Triangle!

Apheresis Cellular Therapy Collection Registered Nurse

Perform apheresis procedures and participates in quality assurance activities to ensure the highest quality of service and care.

Procedures performed:

- o Apheresis is the process of separating whole blood into its main parts, taking out one of those parts and giving the rest back to the patient. Apheresis procedures using the Spectra Optia device, including but not limited to:

- § Peripheral blood stem cells (PBSC)

- Autologous (self) and Allogeneic (donor)

- o Related and unrelated for the National Marrow Donor Program (NMDP)

- § Mononuclear Cells (MNC)

- For Chimeric antigen receptor T-cell (CAR-T) manufacture

- Allogeneic peripheral blood lymphocytes

- § Allogeneic Granulocytes

- o Extracorporeal Photopheresis (ECP) is a type of apheresis. During ECP, whole blood is separated into its main parts, the white cells are removed, combined with a medication, exposed to ultraviolet light, and these treated white cells are then returned to the patient. ECP procedures using the Therakos Cellex device. ECP procedures are used to treat:

- § Graft vs. host disease (GVHD)

- § Solid organ transplant rejection

- § Cutaneous T-cell lymphoma/mycosis fungoides/sezary syndrome

Essential Functions:

Maintains knowledge of rationale and techniques relating to apheresis

Performs procedures according to the standard operating procedures (SOPs)

Participates in quality assurance activities, which include good documentation practices (GDP), quality control of equipment, and preventive maintenance

Preferred Experience and Skills:

Applicants familiar with either or both the Spectra Optia and Therakos Cellex devices and associated procedures.

A working knowledge of FACT (Foundation for the Accreditation of Cellular Therapy) requirements/regulations is highly desirable.

Procedural area hours of operation:

Monday-Friday -; 8 or 10 hour shifts available.

Duke is an Affirmative Action/Equal Opportunity Employer committed to providing employment opportunity without regard to an individual's age, color, disability, gender, gender expression, gender identity, genetic information, national origin, race, religion, sex, sexual orientation, or veteran status.

Duke aspires to create a community built on collaboration, innovation, creativity, and belonging. Our collective success depends on the robust exchange of ideas-an exchange that is best when the rich diversity of our perspectives, backgrounds, and experiences flourishes. To achieve this exchange, it is essential that all members of the community feel secure and welcome, that the contributions of all individuals are respected, and that all voices are heard. All members of our community have a responsibility to uphold these values.

Essential Physical Job Functions: Certain jobs at Duke University and Duke University Health System may include essential job functions that require specific physical and/or mental abilities. Additional information and provision for requests for reasonable accommodation will be provided by each hiring department.

About As a world-class academic and health care system, Duke Health strives to transform medicine and health locally and globally through innovative scientific research, rapid translation of breakthrough discoveries, educating future clinical and scientific leaders, advocating and practicing evidence-based medicine to improve community health, and

leading efforts to eliminate health inequalities.
