

SAP Data Services Senior Consultant

[Apply Now](#)

Company: Diverse Lynx

Location: Princeton, New Jersey

Category: other-general

Title: SAP Data Services Senior Consultant

Type: Contract

Duration: 12 Months

Location: Remote with occasional onsite meetings

Job Description:

We are seeking a skilled SAP Data Services (DS) Senior Consultant with experience in

integrating SAP Data Services with SAP Master Data Governance (MDG) and other SAP and non-SAP systems to join our team. As an SAP DS Consultant with SAP MDG integration expertise, you will play a key role in designing, implementing, and supporting data integration solutions that leverages both SAP DS and SAP MDG to ensure data consistency, accuracy, and integrity across the organization.

Responsibilities:

Collaborate with clients to understand their business requirements and objectives related to master data and transaction data management and governance.

Design and implement integrated solutions that leverage SAP Data Services for data extraction, transformation, and loading (ETL) and SAP Master Data Governance for master data management and governance along with transaction data.

Configure and customize SAP Data Services workflows, data flows, and datastores to integrate with SAP MDG processes and workflows.

Develop and execute data migration strategies, ensuring seamless integration between SAP Data Services, SAP MDG and other SAP and non-SAP systems.

Provide technical expertise and guidance on best practices for integrating SAP DS with SAP MDG to ensure data consistency, accuracy, and compliance with organizational standards and policies.

Collaborate with other IT teams, including SAP MDG, SAP BASIS, SAP BW/BI, and SAP HANA teams, to ensure seamless integration and interoperability between SAP DS and other SAP and non-SAP systems and technologies.

Conduct system testing, troubleshooting, and performance tuning to optimize the reliability and efficiency of integrated SAP DS and SAP MDG solutions.

Requirements:

Bachelor's degree in Computer Science, Information Technology, or related field.

Proven experience as an SAP Data Services (DS) Senior Consultant with integration experience with SAP Master Data Governance (MDG) and other SAP and non-SAP systems.

Minimum of five (5) SAP Data Services Projects with at least three (3) integrated with SAP MDG and SAP S/4HANA.

In-depth knowledge of SAP Data Services architecture, components, and functionalities.

Hands-on experience with SAP Data Services design, development, and implementation.

Knowledge and/or experience with SAP Master Data Governance (MDG) configuration, customization, and implementation.

Strong understanding of master data management and governance principles and best practices.

Proficiency in SQL and database concepts.

Excellent analytical, problem-solving, and communication skills.

Ability to work independently and collaborate effectively in a team environment.

SAP Data Services certification preferred.

Diverse Lynx LLC is an Equal Employment Opportunity employer. All qualified applicants will receive due consideration for employment without any discrimination. All applicants will be evaluated solely on the basis of their ability, competence and their proven capability to perform the functions outlined in the corresponding role. We promote and support a diverse workforce across all levels in the company.
