Company: Metasys Technologies

Location: Cypress, California

Category: other-general

SAP S/4HANA ABAP Lead/Senior Consultant

Primarily Remote with occasional onsite meetings

12+Month Contract

Client is seeking a talented SAP S/4HANA ABAP Lead/Senior Consultant with specialized experience in Selective Data Transfer (SDT) or SNP Bluefield Migration. This role involves designing, developing, and implementing custom ABAP solutions within SAP S/4HANA environments, while leveraging expertise in data migration methodologies to ensure seamless transitions for our clients.

Responsibilities:

Design, develop, and implement custom ABAP programs, interfaces, enhancements, and reports within SAP S/4HANA systems.

Utilize expertise in SDT to extract, transform, and load data from legacy SAP systems into SAP S/4HANA, ensuring data integrity and consistency throughout the migration process.

Demonstrate proficiency in SNP Bluefield Migration methodology, collaborating with project teams to design and execute migration strategies that minimize disruption and maximize efficiency.

Conduct comprehensive technical analysis of client requirements, identifying opportunities for process improvements, performance optimizations, and automation.

Work closely with functional consultants, developers, and stakeholders to integrate custom ABAP solutions with existing SAP modules, third-party applications, and external systems.

Develop and execute test plans, perform unit testing, and support user acceptance testing (UAT) to ensure the quality and reliability of ABAP developments and migration activities.

Prepare technical specifications, design documents, and other documentation as required, ensuring clear and comprehensive communication of solution designs and implementation details.

Provide guidance, mentoring, and knowledge transfer to junior team members, fostering skill development and knowledge sharing within the SAP ABAP practice.

Stay updated on the latest SAP technologies, ABAP programming techniques, and migration methodologies, continuously expanding skills and knowledge to drive innovation and excellence.

Qualifications:

Bachelor's degree in Computer Science, Information Technology, or related field. Master's degree preferred.

Minimum of 7 years of hands-on experience in SAP ABAP development, with at least 3 years of experience specifically focused on SAP S/4HANA.

Proven expertise in Selective Data Transfer (SDT) or SNP Bluefield Migration, with successful

project implementations.

Strong proficiency in SAP BTP/SAP HANA ABAP programming concepts, including object-oriented programming (OOP), REST APIs, ODATA, ALV reporting, BAPIs, RFCs, and SAP Fiori/UI5 development.

Experience with SAP S/4HANA data models, CDS views, and AMDP (ABAP Managed Database Procedures) is highly desirable.

Metasys Technologies is an equal opportunity employer. All applicants will be considered for employment without attention to race, color, religion, sex, sexual orientation, gender identify, national origin, veteran or disability status.
