Company: Providence

Location: United States

Category: computer-and-mathematical

Providence Health Plan caregivers are not simply valued – they're invaluable. Join our team and thrive in our culture of patient-focused, whole-person care built on understanding, commitment, and mutual respect. Your voice matters here, because we know that to inspire and retain the best people, we must empower them.

Providence Health Plan is calling a Senior Actuarial Analyst, Valuation who will:

Analyze and interpret historical data, claim patterns, and other relevant information to estimate IBNR reserves for various lines of insurance.

Develop and maintain actuarial models and methods to accurately estimate IBNR reserves, ensuring compliance with regulatory requirements.

Conduct regular actuarial valuations to assess the financial impact of IBNR reserves on the company's balance sheet and financial statements.

Stay updated with industry trends and best practices in IBNR estimation methodologies, and implement improvements to enhance accuracy and efficiency.

Monitor and analyze emerging trends in claims, legal environment, and medical advancements, and proactively provide insights on their potential impact on IBNR reserves.

Collaborate with internal and external stakeholders, including auditors, regulators, and rating agencies, to ensure compliance and transparency in reporting IBNR reserves

We welcome 100% remote work for residents who reside in one of the following

States:

Alaska

Washington

Oregon

Montana

Idaho

California

Nevada

New Mexico
