Senior Forecast Analyst - Remote

[Apply Now](#)

Company: Prime Therapeutics

Location: United States

Category: business-and-financial-operations

Description

The Senior Forecast Analyst is responsible for providing complex financial/data modeling, forecasting, revenue projections, and analysis for various functional areas throughout Prime as well as for the Pricing and Analytics team. This role is responsible for creating and developing new methodologies, reports, and analytical models and provide critical analysis related to Requests for Proposals (RFPs) and structure of client guarantees.

Responsibilities

Provide in-depth, comprehensive analysis and recommendations for the RFP process as Prime seeks to grow the business with purpose and bring in new groups and Blues plans

Lead development and implementation of financial modeling changes to improve accuracy

Consult with management and/or senior leadership to analyze and troubleshoot data analysis and/or forecasting issues for variety of complex projects

Create, enhance, and maintain various forecasts and financial models, including but not limited to drug trend, generic discount projections, revenue forecasting, and RFPs; provide recommendations based on forecasts and analysis

Mentor, coach, and provide work direction to more junior analysts on various work efforts

Other duties as assigned

Minimum Qualifications

Bachelor's degree in Finance, Math, Economics, or related area of study, or equivalent combination of education and/or relevant work experience; HS diploma or GED is required

5 years of experience in detailed analytical work in financial, insurance, pharmacy benefits management, reporting & analytics, benefits consulting healthcare industries or related field

Must be eligible to work in the United States without need for work visa or residency sponsorship

Additional Qualifications

Ability to work independently while maintaining accuracy and attention to detail and meet deadlines

Excellent verbal and written communication and presentation skills to senior levels of leadership

Proficiency in Microsoft Excel and/or database programming environment

Demonstrated organization with the ability to balance multiple projects and meet competing deadlines

Strong interpersonal skills with the ability to develop partnerships with internal clients

Preferred Qualifications

Extensive analysis and modeling experience with pharmacy, medical, insurance, and/or financial data

Experience using SAS Enterprise Guide, SQL, or other related database programming environments

GCP experience

Salesforce experience

Previous work experience with model creation and maintenance

Minimum Physical Job Requirements

Constantly required to sit, use hands to handle or feel, talk and hear

Frequently required to reach with hands and arms

Occasionally required to stand, walk and stoop, kneel, and crouch

Occasionally required to lift and/or move up to 10 pounds and occasionally lift and/or move up to 25 pounds

Specific vision abilities required by this job include close vision, distance vision, color vision, peripheral vision, depth perception and ability to adjust focus

Reporting Structure

Reports to AVP of Product Pricing

Potential pay for this position ranges from \$85,600.00 - \$128,400.00 based on experience and skills. Pay range may vary by 8% depending on applicant location. To review our Benefits, Incentives and Additional Compensation, visit our and click on the Benefits at a glance button for more detail.

Positions will be posted for a minimum of five consecutive workdays.
