Senior SAP Basis Consultant

Apply Now

Company: Infosys

Location: Alpharetta

Category: other-general

Job Description :

Infosys is seeking a Senior SAP Basis consultant

As a Senior Consultant, you will be a key player in the consulting team that helps discover and define the problem statement, evaluates the solution options and makes recommendations. You will create detailed design, architecture and process artifacts and implement the deployment plan. You will also support knowledge transfer with the objective of providing value-adding consulting solutions that enable our clients to meet the changing needs of the global landscape.

Basic Qualifications:

Bachelor's degree or foreign equivalent required from an accredited institution. Will also consider three years of progressive experience in the specialty in lieu of every year of education.

At least 4 years of experience with Information Technology

Location for this position is Alpharetta, GA or Frisco, TX. This position may require travel and relocation.

U.S. citizens and those authorized to work in the U.S. are encouraged to apply. We are unable to sponsor at this time.

Preferred Qualifications:

At least 4 years of SAP basis experience installing, upgrading, troubleshooting, monitoring, and performing system administration tasks on SAP ABAP and Java systems in a UNIX or Linux environment.

Experience with 1 or more of the of the following SAP applications: ECC 6.xx, BW 7.x, BOBJ 4.x, Portal 7.x, PO 7.x, GRC 10.x or higher, Netweaver Gateway 7.x, and Solution Manager 7.x., S4 HANA

A big emphasis on BOBJ 4.x, ECC 6.xx, S4 HANA and Solution Manager (Technical Monitoring module).

Ability to collaborate with developers, end users, architects, and infrastructure contacts to perform planning, design, issue resolution, and change management for SAP applications.

Familiarity with SAP transport management configuration and troubleshooting. Experience with ChaRM for transport management is a plus.

Ability to perform SAP system copies in collaboration with SAP DB2 or HANA DBAs.

Maintain SAP basis configuration and procedure documentation.

Demonstrate ability to configure and troubleshoot SAP application integration with DB2 LUW or HANA but DBA experience is not required.

Resources need to operate in US Business hours (Monday through Friday)

Resources need to be part of SAP Basis on-call rotation to provide 24x7 support for change management and issue resolution and should be willing to work over the weekend (when needed)

The job entails sitting as well as working at a computer for extended periods of time. Should be able to communicate by telephone, email or face to face.
