Company: InterEx Group

Location: United States

Category: other-general

**Job Title:** Remote Engineering Lead - Corporate/Restaurant Products  
We are seeking an experienced Engineering Lead to join our dynamic team. As the Engineering Lead, you will play a crucial role in defining solution architecture, selecting and integrating technical components, and ensuring the delivery of high-quality, scalable features across our corporate technology products.  
**Key Duties/Responsibilities:** Design, build, deploy, and maintain resilient and scalable features for corporate technology products. Write hands-on software with a focus on prototypes, proof of concepts, and technical spikes. Lead troubleshooting of application incidents, resolve deployment issues, and provide long-term implementation guidance. Drive complex projects to improve functionality and reliability. Champion DevOps solutions, CI/CD pipelines, and agile software principles. Mentor and coach software engineers, ensuring solid technical decisions and high-quality output. Collaborate with product teams on feature definition and design. Define and evangelize technical solutions and strategies.  
**Qualifications:** Bachelor's degree in Computer Science, MIS, Engineering, or related discipline. 5+ years of experience in engineering leadership roles. Experience with technologies such as Java, Kotlin, Node.js, C#, MySQL, Postgres, Docker, Kubernetes, AWS Services, React, and more. Strong experience with CI/CD practices and third-party SaaS integrations. Production support experience with root cause analyses.  
**Skills/Knowledge/Abilities:** Hands-on experience building backend services, APIs, and scaling distributed systems. Strong leadership skills in a fast-paced, dynamic environment. Excellent communication skills for conveying engineering tradeoffs to technical and non-technical stakeholders. Full-stack engineering expertise with a focus on design,

development, deployment, debugging, monitoring, and support. Motivated to make a positive impact for stakeholders and improve the day-to-day lives of fellow engineers. Product Thinking and Customer-Driven mindset. If you are passionate about technology, innovation, and making a significant impact, we would love to hear from you! Apply now or send resume to [a.forbes@interex-group.com](mailto:a.forbes@interex-group.com) and join us on our exciting journey.
