

## Senior Specialist – Indirect Tax - Global Projects and Planning

[Apply Now](#)

Company: Johnson Controls International

Location: Janki

Category: other-general

### What you will do

At Johnson Controls, we've been making buildings more intelligent since 1885, and our capabilities, depth of innovation experience, and global reach have been growing ever since. Today, we offer the world's largest portfolio of building products, technologies, software, and services; we put that portfolio to work to transform the environments where people live, work, learn and play.

Senior Specialist- Indirect Tax will play a vital role in identifying and pursuing planning opportunities in the indirect tax space and partnering with the organisation to optimise supply chains and business structures.

### How you will do it

As Senior Specialist Indirect Tax (Global Projects & Planning) you will identify and assess indirect tax planning opportunities, as well as delivering and supporting the implementation of VAT and other indirect tax related projects within a time frame by working together with the business and other departments. You will build a positive relationship with key business people in order to be able to work together to optimise the business structures.

Within scope of the role, you will:

- Assist the Global Indirect Tax Director to optimise the cash and minimise the VAT leakage

- Support the global ERP implementation.

- Act as a trusted business advisor in partnership with the wider tax team members.

Assist the Global Indirect Tax Director on indirect tax controversy matters

Conduct a continuous VAT and Customs risks assessment and propose remediation plans to be taken forward with various department

Work with the Global Engagement Manager on request to ensure our indirect tax compliance is in line with the Company's expectations.

## **What we look for**

### **Required**

Are you able to demonstrate the following?

Tax or Accountancy Professional Qualification and/or relevant academic degree in Finance or Tax with focus on Finance and/or Accounting.

International VAT Knowledge developed from relevant experience in the area of indirect taxes

Experience with ERP implementation (Oracle or SAP).

Positive demeanor with the ability to work autonomously whilst also being one with the team.

Ability to use personal judgment and initiative to develop effective and constructive solutions for challenges and obstacles.

Sound knowledge of accounting principles, related procedures and familiarity with Customs.

Excellent communication skills, problem solving skills, organizational and planning skills.

Proficient oral and written English language skills.

Proficiency with Microsoft Office Suite Applications (Word, Excel & PowerPoint).

Ability to work ethically and with full integrity when making time sensitive or difficult decisions.

If you're able to answer yes then we'd love to hear from you!

## Our culture

At Johnson Controls you'll have the opportunity to work on some of the most exciting projects in today's market. Our hardworking people empower us, and we believe in being part of a team that is open, collaborative, results-oriented, hardworking and above all fun. We believe that diversity and inclusion matter and make a difference. By embracing the true value of diversity and inclusion, getting comfortable with having crucial conversations, and valuing different perspectives, we will be one of the most desirable places to work.
