UiPath Automation Architect

Apply Now

Company: Tiger Analytics

Location: Richardson

Category: other-general

Tiger Analytics is an advanced analytics consulting firm. We are the trusted analytics partner for several Fortune 100 companies, enabling them to generate business value from data. Our consultants bring deep expertise in Data Science, Machine Learning, and AI. Various market research firms, including Forrester and Gartner, has recognized our business value and leadership. We are headquartered in Silicon Valley and have our global delivery center in Chennai, India. If you are passionate to work on unstructured business problems that can be solved using data and excited about building, leading, and enabling a team of analytics professionals toward that objective, we would like to talk to you.

We are seeking a talented and experienced Architect with expertise in Azure, UiPath, and RPA to join our dynamic team. As an Automation Architect, you will play a crucial role in designing, implementing, and optimizing solutions that leverage Azure cloud services, UiPath automation platform, and RPA technologies to drive digital transformation and enhance operational efficiency.

Requirements

Key Responsibilities:

Collaborate with stakeholders to understand business requirements and design scalable architecture solutions using

Azure services.

Lead the implementation of UiPath automation projects, including process analysis, design, development, testing, and deployment.

Utilize RPA knowledge to automate repetitive tasks and streamline business processes.

Provide technical guidance and mentorship to development teams on best practices for Azure, UiPath, and RPA implementation.

Conduct regular reviews of architecture designs to ensure alignment with industry standards and best practices.

Stay current with emerging technologies in Azure, UiPath, and RPA to drive innovation within the organization.

Qualifications:

Bachelor's degree in Computer Science or related field; Master's degree preferred.

Proven experience as an Architect working with Azure cloud services.

Strong expertise in UiPath automation platform and RPA technologies.

Excellent problem-solving skills and ability to think strategically about technology solutions.

Strong communication skills with the ability to effectively collaborate with cross-functional teams.

Relevant certifications in Azure, UiPath, or RPA are a plus.

Join us in shaping the future of digital transformation through innovative solutions built on

Azure, UiPath, and RPA technologies. If you are passionate about architecture design and have a strong technical background in these areas, we would love to hear from you. Apply now to be part of our dynamic team!

Benefits

This position offers an excellent opportunity for significant career development in a fast-growing and challenging entrepreneurial environment with a high degree of individual responsibility.
