Role Title: Windows TAM cum Technical Project Manager

Hiring Mode: Contract (TP)

Location: San Jose, CA [Onsite]

Contract

Job description:

Experience Developing Native Applications for Windows Platform (Preferably with C#).

Must have worked as TPM in the last 2-3 projects.

Must have understanding of Software development Life Cycle (SDLC).

Strong problem-solving skills are crucial for identifying and resolving technical issues that may arise during the project lifecycle.

A solid understanding of system Clientthitecture, including hardware, software, and networking components, is necessary to grasp the technical requirements of the project and make informed decisions.

Good Communication and documentation skills.

Candidates should be able to act as a bridge between HCL Customer, HCL Customer's customer and HCL internal development team.

Work with an offshore team (India) to ensure timely delivery of a windows based app.
